At Battalion Capital, we come from the floor, the field, and the shop. We've seen how hard it is to build something great, and how much it's worth in the end. We have turned that experience into a mission: to stand beside operators and help them reach the next level.

Helping founders go further

We invest in companies with real potential—businesses built on grit, skill, and character. Together with management, we sharpen strategy, strengthen teams, and position each business to grow with purpose.

Unlock growth

We help owners define the next chapter and bring the tools to get there. Our capital comes with focus, not red tape.

Dig in

Our team brings a roll-up-your-sleeves approach to investments; we're a thoughtful and engaged partner to our portfolio management teams.
